Hello Commission Shelly Diaz,

As you know, CENSUS 2020 is coming up quickly and a complete count is important to all of us. A complete count will allow Minnesota to have the representation and resources it needs to maintain and improve quality of life for all its residents. From where businesses locate and bus stops, to how we are represented in our democracy, the Census shapes our day to day lives in important ways.

However, due to structural, institutional, social, and sometimes technical challenges, some Minnesota communities are at greater risk for being undercounted than others. This is important because it means that these communities may not be considered when it comes to everything from funding formulas for government finances to what languages ballots are written in at polling places. The Census is the backbone for so much of the way our communities operate, and when people are left out, they are left behind. That's why Minnesota Council on Foundations, in partnership with the State Demographer, has hired Grassroots Solutions to develop a communication and mobilization plan that will uncover the specific participation challenges faced by undercounted communities, and surface the community assets that can be leveraged to address those challenges. The final plan will:

- 1. Recommend outreach and communication strategies specific to each community, and
- 2. Identify and position key community partners for plan implementation.

We know that we at Grassroots Solutions can't come up with the best plan by ourselves. As an engagement strategy firm focused on purposeful engagement for public good, we know that when people closest to the issue are able to generate and shape solutions, the results are more powerful. That's why we are approaching this project as a partnership with undercounted communities from the beginning. We believe that the personal and professional expertise within these communities combined with our expertise in designing large scale public engagement initiatives will result in a much more effective Minnesota Census 2020 plan.

Strategy driven. People powered. Change minded.

grassrootssolutions.com

We've had many conversations to identify what we are calling "co-creation partners" who have critical expertise and experience, and that has led us to you. The role of a co-creation partner will be to:

- Offer advice on how, what and where to best gather information regarding how people perceive the census, and lift up both challenges and assets within their community that influence census participation
- o Help interpret and analyze what we're hearing from the information gathering
- o Provide input and feedback on the plan

We recognize that while we all want what's best for our communities and for Minnesota, none of us have limitless capacity. Further, your insight and experience is valuable. We consider our cocreation partners to be seasoned strategists, and we intend to compensate you for your time and talent through mini-grants.

Of course, we know that even with compensation, there may still be limitations in terms of capacity or interest. So, we've come up with a few different ways for you to contribute. We recognize and value your time and expertise and hope that you can join us in some way or form.

Please look over the options below and let us know if and how you'd like to be part of this work. Feel free to consider more than one option for your participation! We anticipate that the first meeting will be in the first week of May, but we will be in touch before then to talk about the process in more detail and hear your feedback.

OPTION 1: Collaborative Co-creation: \$5000

If you choose this option, you'll be part of a group of community strategists working with us to develop the communication and mobilization plan. We anticipate that this will entail 8-12 meetings over the course of seven months. While we know that the pace and frequency of meetings may evolve based on how the work unfolds, at this point we are predicting that the calendar will look something like this:

- May- August: 2 meetings a month
- September- November: 1 meeting a month

We have remote participation options through video conference, and hope to hold meetings in a variety of locations.

OPTION 2: Host Focus Groups: \$1500 per focus group

Strategy driven. People powered. Change minded.

grassrootssolutions.com

If you choose this option, you'll work closely with Grassroots Solutions to plan and host a focus group in your community, to get direct input from individuals with whom you or your organization have relationships.

OPTION3: Input/feedback into final plan: \$1000

In this option, you will work closely with Grassroots Solutions to provide detailed feedback, insight, and suggestions into the plan outside of meetings.

If you have any questions, please contact Huda Ahmed; <a href="https://huda@grassrootssolutions.com">huda@grassrootssolutions.com</a>, or Ann Wiesner; <a href="mailto:ann@grassrootsolutions.com">ann@grassrootsolutions.com</a>, or Ann

Thank you in advance for considering this request to help make Census 2020 work for Minnesota and all its residents.

Sincerely,

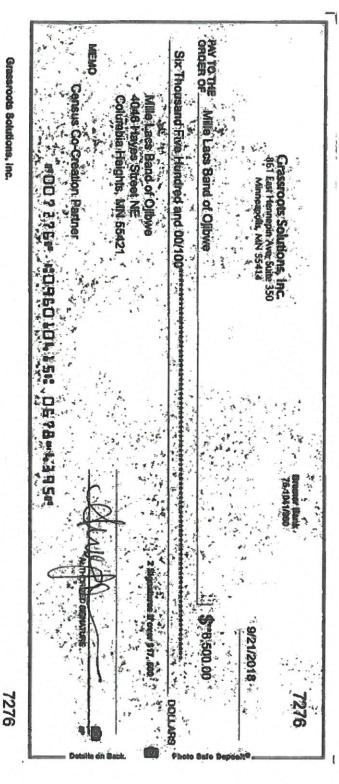

Huda

#### Good Afternoon,

Here is the same information I had sent you last October about this Grant we have received. It has never been appropriated into a budget. By any chance was the work done already and is coded in some department expenses?

The grant documents detail what was to happen. I would need to know where and when these expenses occurred.

Originally Al Olson came to OMB and wanted this check written to him. This did not happen, but there was no follow up on this.

If the work has not been accomplished for this grant, and if it won't happen, we need to send the funds back to the Grassroots Solutions, Inc., the Granting Agency.

Please let me know if you have any information regarding this.

#### Good Morning,

Information has come to OMB on a small grant that has been awarded to the Mille Lacs Band for a Census Count

The funding is from the Minnesota Council on Foundations, using the company, Grass Roots Solutions, for \$6,500.00.

This grant needs to be appropriated to a budget, and the 2000 budget can be used. I understand that meetings are to be held, and

the person who is doing the meetings, and other work, can be under contract, with detailed time sheets, and meeting information submitted with invoices to be paid.

Or if this is an employee of the Band, then specific time worked - other than regular work hours - has to be accounted for to be paid.

The grant should use the 4307-102-2000-0 account for appropriation, or we can set up another department or account to use if you wish.

Appropriation information should be submitted to Angel O. as usual to be included for the next APB meeting. The check has been deposited to a Grant Receivable account.

Grant documents are attached.

**Appropriation Request** 

Date:

HHS CSS is requesting the appropriation of awarded funds in the amount of \$18,950 per contract agreement as a sub-contractor to White Earth who operates as fiscal agent to this collaborative grant.

In 1993, the Minnesota Legislature established the Family Homeless Prevention and Assistance Program (FHPAP). The program currently provides funds to twenty grantees statewide, including counties, tribal nations and community-based nonprofit organizations.

Funds can be used for direct assistance (rent, utilities and other expenses) or services (housing search or navigation, support services, case management, independent living skills or other approved services) to households who are at or below 200 percent of federal poverty guidelines and who are homeless or at imminent risk of homelessness.

The purpose of the program is to support continuing innovation and development of a comprehensive system to prevent homelessness and to assist people experiencing homelessness by preventing homelessness, minimizing the number of days homeless and eliminating repeat episodes of homelessness.

The outcomes of FHPAP are to:

- 1) Reduce the number of people who become homeless for the first time (prevent);
- 2) Reduce the number of people who experience homelessness (rare);
- 3) Reduce the length of time people experience homelessness (brief);
- 4) Reduce the number of people who return to homelessness (one-time); and
- 5) Increase equitable outcomes for households that are disparately impacted by homelessness (equity).

Please review the documents and approve as appropriate. Should there be a need for additional information or clarification, please let me know.

Thank you
