

Ordinance 53-20

An Ordinance for disbursement of Coronavirus Relief Fund (“CARES Act”) Funds for Adult Band Member Economic Support Payment for the month of September 2020 in the Fiscal Year ending September 30, 2020.

The District III Representative introduced the following Bill on the 19th day of August, 2020.

Preamble

It is enacted by the Band Assembly of the Mille Lacs Band of Ojibwe for the purpose of authorizing an Adult Band Member Economic Support Payment for the month of September 2020 of Fiscal Year ending September 30, 2020. The Coronavirus (“COVID-19”) disease has infected more than 22.1 million people worldwide, to include more than 5.4 million people in the United States and more than 66,000 in Minnesota, resulting in widespread layoffs and economic hardship directly stemming from this pandemic public health emergency that has closed down or restricted businesses in order to increase physical distancing and contain the virus. The United States number of unemployed is at 16.3 million or 10.2%, per the Bureau of Labor Statistics for July 2020, the most current data available at this time. Pre-COVID-19 US unemployment rates consistently averaged below 4% from February 2020 going back to July 2018. Per Minnesota Employment and Economic Development data available for June 2020, Minnesota’s unemployment rate is at 8.6%, compared to pre-COVID-19 rates that were consistently between 2.3 % and 3.5%. Following is a list of county unemployment rates as of June 2020, with comparison to the same month last year:

<u>County</u>	<u>June</u> <u>2020</u>	<u>June</u> <u>2019</u>
Pine	9.2%	4.3%
Mille Lacs	9.3%	4.1%
Aitkin	9.1%	4.7%
Crow Wing	8.4%	3.5%
Hennepin	9.8%	3.2%

The national, state, regional, and local impact of this COVID-19 pandemic has even further depressed the economic and employment opportunities available to Band members, and has substantially increased their basic cost of living due to the COVID-19 public health emergency.

On March 15, 2020, the Chief Executive of the Mille Lacs Band of Ojibwe (“Band”) issued an executive order declaring a state of emergency pursuant to Title 27 of Mille Lacs Band Statutes (“MLBSA”). That state of emergency resulted in Grand Casino Hinckley and Grand Casino Mille Lacs being closed effective 4 pm March 16, 2020, as a proactive measure to slow the spread of COVID-19, and reopened at a limited basis June 1, 2020. As a result of the closure of Grand Casino Hinckley and Grand Casino Mille Lacs, and subsequent partial opening at limited capacity, there has been diminished net revenues coming from the casinos to the Band to fund essential programs and services that comprise a safety net for Band members. Meanwhile, many Band members remain in economic distress due to conditions directly stemming from the COVID-19 public health emergency, with many elders and children depending for survival on adult Band members who are under-employed or unemployed and facing increased expenditures required to mitigate or respond to the COVID-19 pandemic. The additional \$600 per week in unemployment benefits provided by the Federal government, that supplemented Minnesota state unemployment benefits, expired July 31, 2020.

The Band Assembly has recognized that taking no action in response to this ongoing economic crisis would create additional financial hardship and increased stress for many Band member families. Any reduction or suspension of regular monthly Adult Band Member Economic Support Payments would have catastrophic consequences for many Band households. During these unprecedented times and circumstances, Band Assembly chooses to maintain without disruption the monthly Adult Band Member Economic Support Payments (Economic Support) in the exercise its authority under 3 MLBSA sec. 2(b) to appropriate all Band revenue regardless of source; and 2(d) to promote the general welfare of the people of the Band as Band members respond to and attempt to mitigate the effects of, the COVID-19 public health emergency and pandemic. The Band Assembly has chosen to revamp its monthly Economic Support to be an integral part of its tribal benefits program that is consistent with the I.R.S. general welfare exclusion of such Economic Support from federal individual income taxation.

The Band Assembly finds that use of a portion of its CARES Act Title V (“Coronavirus Relief Fund”) allocation is necessary and appropriate for the purpose of funding the Band’s emergency Economic Support program, after determining in an administratively feasible process, that individual members have generally demonstrated a need for assistance directly related to the COVID-19 pandemic. Adult Band Members may use this Economic Support to meet economic loss and other costs during this COVID-19 pandemic such as, but not limited to, cleaning supplies, personal protective equipment, telecommunications, internet access, medical care, mental health, child care, school supplies, insurance, repairs, debt service, food, shelter, health supplies and services, safety and security, education and training, subsistence activities, housing, elder and disabled care, water, sewer, electricity, gas and oil and other fuel, transportation, relocation, rehabilitation, cultural enhancement, social engagement, hunting/fishing/gathering activities, and disaster relief.
