

MILLE LACS BAND OF OJIBWE
PRE-BID ADDENDUM #1 for 2259 Oshki Odena St., Hinckley Chain Link
Fence

April 14, 2025

NOTE TO BIDDERS: This addendum shall take precedence over and become a part of the original request for proposal, plans and specifications.
All bidders must acknowledge receipt on the bid form.

1. Clarification: fence shall be black coated.
2. Revise work scope item #1 on rfp dated 4/3/25 to read as follows: Contractor shall supply and install a chain link fence around the perimeter of the yard per updated layout. Approximate fence perimeter totals 275 lineal ft. Contractor shall include 300 lineal 6' ft of fence in their base bid and a 6' wide gate. Unit cost per ft to install shall be provided in Bid Alternate #1 and will be used to calculate add or deduct based on actual install. See following product specifications.
3. Revise work scope item #2 on rfp dated 4/3/25 to read as follows: Fence shall start at the front right corner of the house and run straight across to the tree line located at the right edge of the yard; turn to follow the maintained side and rear yard areas; then turn and run straight to the front left corner of the garage. Install a 6' wide gate on the front facing section of fence to the right side of the house. Fence shall not be placed any closer to the street than the front wall of the garage. Fence will follow perimeter of existing yard. Thus no large trees are planned for removal. A rough layout of the proposed fence has been provided for reference.)

End of Addendum #1 – April 14, 2025
